POWERLINE BOWL CUTTER BC-14

STANDARD FEATURES

Powerline Bowl Cutters are designed for large volume production of numerous food preparation tasks. Twin stainless steel knives make 3,500 cuts per minute of products that vary from parsley and root vegetables to meats, cheeses and breads. The stainless steel bowl revolves at 24 RPM. The more product that passes through the knives, the finer the cut the BC-14 will make. This model is also excellent for spreads, dips and salads. Additional accessories include the (1000450) heavy duty clear plastic cover.

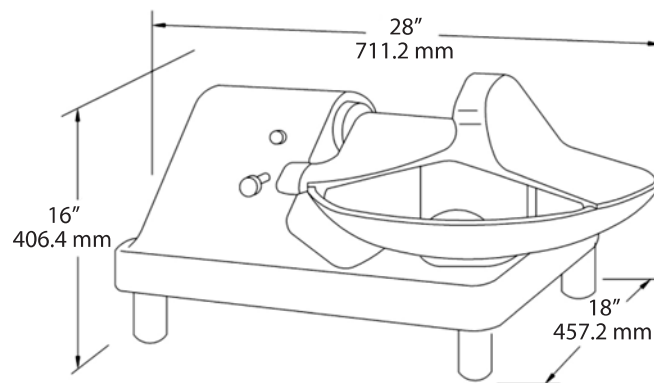

POWERLINE BOWL CUTTER BC-14

Technical Data
